

1 In the Box Dans la boîte En la caja

Thank you for purchasing a Logitech® Pure-Fi Anywhere™ 2. Vous venez d'acheter un système Logitech® Pure-Fi Anywhere™ 2 et nous vous en félicitons. Le agradecemos la adquisición de Logitech® Pure-Fi Anywhere™ 2.

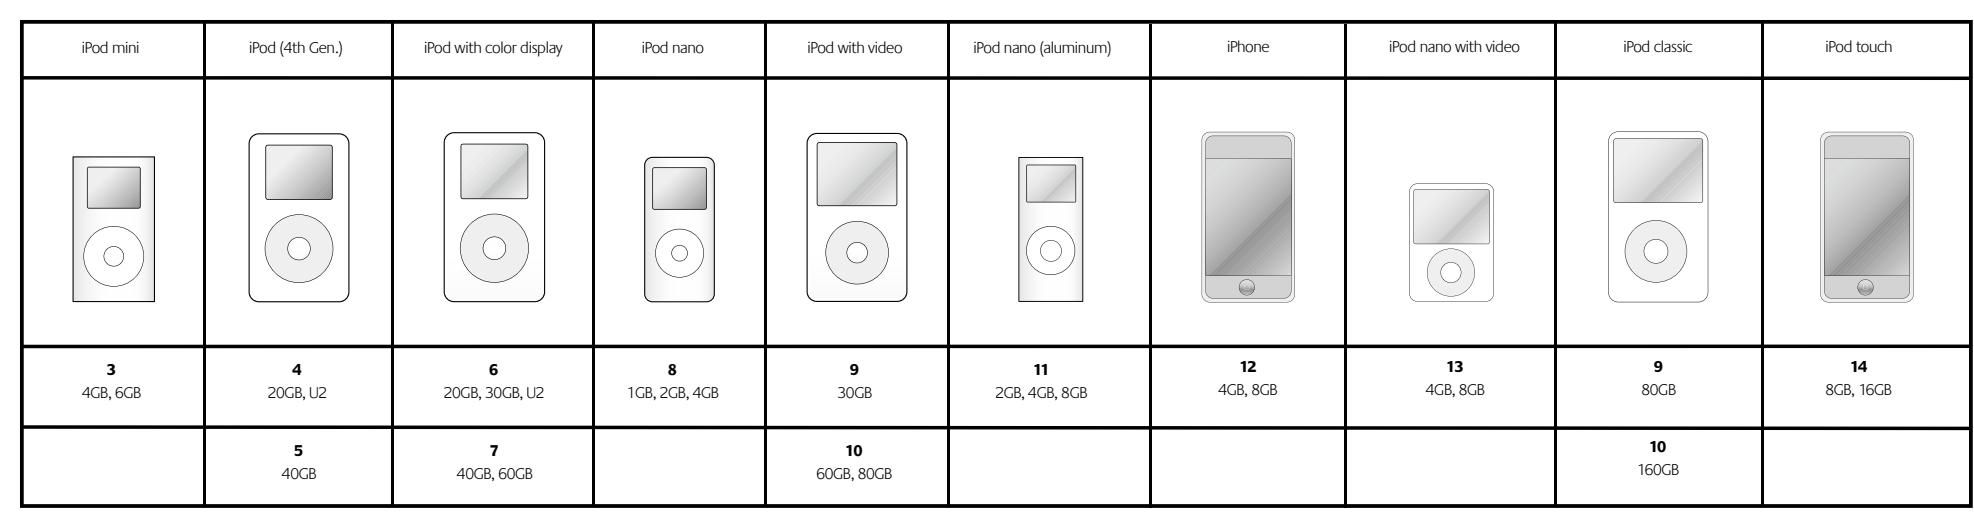

1. Logitech® Pure-Fi Anywhere™ 2 speaker system
2. Wireless remote
3. Protective travel case
4. Universal Dock adapters
5. International voltage AC adapter (100 - 240V)

Modell S-00001

3 Attach a Universal Dock Adapter

1. Select the Universal Dock adapter for your iPod or iPhone. Use the chart below to identify the correct dock adapter. If the model number is not listed, an adapter should have been included when you purchased it.
2. Plug the Universal Dock adapter into your Logitech® Pure-Fi Anywhere™ 2.
3. Plug your iPod or iPhone into the Universal Dock.

Universal Dock adapters are identified by number.
Les adaptateurs universels pour les stations d'accueil sont identifiés par des numéros.
Los adaptadores para base universal se identifican mediante un número.

Fixez un adaptateur universel de station d'accueil

1. Sélectionnez l'adaptateur de dock universel qui correspond à votre iPod ou iPhone. Utilisez le tableau ci-dessous pour choisir l'adaptateur approprié. Si votre iPod ou iPhone n'est pas répertorié, cela signifie qu'un adaptateur universel n'a pas été fourni avec.
2. Branchez l'adaptateur universel pour station d'accueil dans votre Logitech® Pure-Fi Anywhere™ 2.
3. Branchez l'iPod ou l'iPhone sur le dock universel.

Colocación de un adaptador para base universal

1. Seleccione el adaptador para base universal para iPod o iPhone. Consulte la tabla siguiente para elegir el adaptador correcto. Si su iPod o iPhone no aparece en la lista, dicho modelo debería haberse suministrado con un adaptador incluido.
2. Conecte el adaptador para base universal a Logitech® Pure-Fi Anywhere™ 2.
3. Conecte el iPod o iPhone a la base universal.

4 Charging Your Speakers and iPod/iPhone

Your Logitech® Pure-Fi Anywhere™ 2 speakers include an internal rechargeable battery. It must be charged before you can use it for the first time. The battery will last approximately 10 hours on a single charge.

1. To charge your speakers, connect the AC power cord to your speakers and then to an electrical outlet. The AC power LED lights up when the speakers are connected to AC power. You can use your speakers while the battery is charging.
2. The battery level LEDs will blink green while the speakers are charging. When all LEDs are solid green, the battery is fully charged.
3. When running on battery power, a red battery level LED indicates that the battery needs to be recharged.

The Logitech® Pure-Fi Anywhere™ 2 speakers use a non-removable lithium-ion rechargeable battery. This battery has a limited number of charge cycles and cannot be replaced. See "Battery Disposal" instructions for further information.

While your Logitech® Pure-Fi Anywhere™ 2 speakers are plugged into AC power, they will also recharge your iPod/iPhone battery.

Charge des haut-parleurs et iPod/iPhone

Vos haut-parleurs Logitech® Pure-Fi Anywhere™ 2 sont équipés d'une batterie interne rechargeable qui doit être entièrement chargée lors de la première utilisation des haut-parleurs. La batterie dispose d'une autonomie d'environ 10 heures avec une seule charge.

1. Pour charger vos haut-parleurs, connectez le câble secteur à vos haut-parleurs et puis à une prise murale. Les témoins lumineux d'alimentation clignotent pour indiquer que les haut-parleurs sont connectés au secteur. Vous pouvez utiliser les haut-parleurs pendant que la batterie se recharge.
2. Le témoin de charge de la batterie clignote pendant la charge des haut-parleurs. Lorsque tous les témoins verts sont allumés en continu, cela signifie que la batterie est entièrement chargée.
3. lorsque les haut-parleurs fonctionnent avec la batterie, le témoin de charge de la batterie passe au rouge pour indiquer que la batterie a atteint son niveau limite.

Les haut-parleurs Logitech® Pure-Fi Anywhere™ 2 sont équipés d'une batterie au lithium-ion rechargeable, non amovible. Cette batterie possède un nombre limité de cycles de charge et ne peut pas être remplacée. Pour plus d'informations, reportez-vous à la section concernant le recyclage de la batterie.

Lorsque les haut-parleurs Logitech® Pure-Fi Anywhere™ 2 sont branchés sur le secteur, ils recharge également la batterie de votre iPod/iPhone.

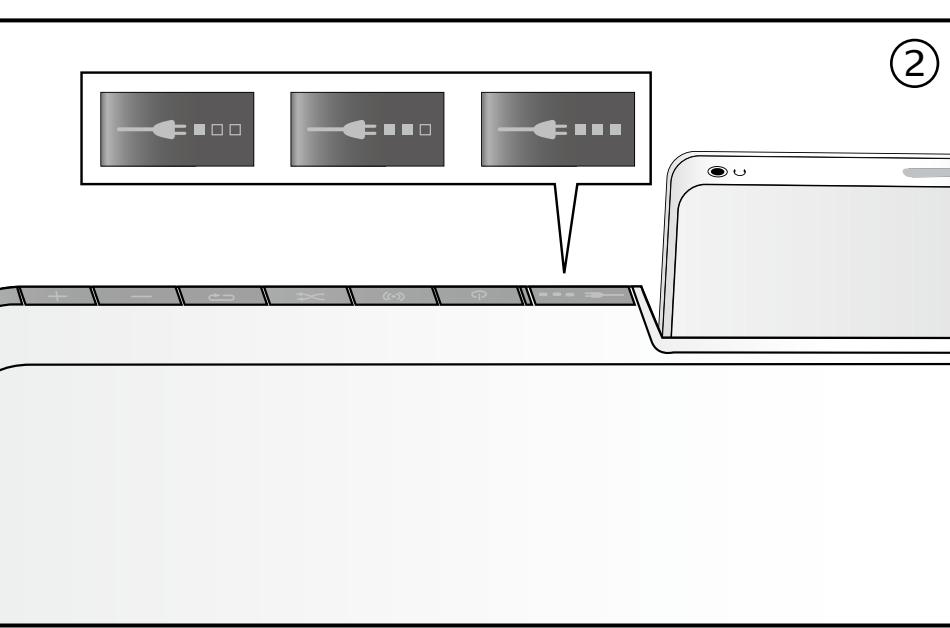

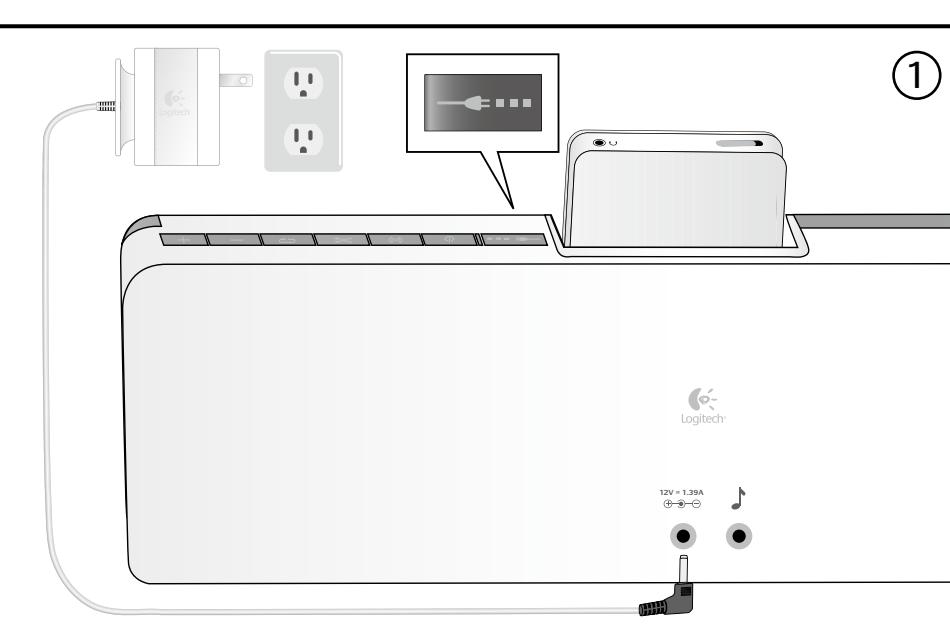

Carga de los altavoces y iPod/iPhone

Los altavoces Logitech® Pure-Fi Anywhere™ 2 incluyen una pila interna recargable. Debe cargarlos antes de utilizar los altavoces por primera vez. La carga de pila es suficiente para unas 10 horas de funcionamiento.

1. Para cargar los altavoces, conecte el cable de CA a los altavoces y luego a la toma de corriente. El diodo de alimentación de electricidad enciende. Los témoños luminosos de alimentación parpadean indicando que los altavoces están conectados al sector. Puede utilizar los altavoces mientras la pila se está cargando.
2. Los diodos de nivel de la pila emiten destellos verdes mientras los altavoces se cargan. Cuando todos los diodos muestran la luz verde permanente, la pila se habrá cargado por completo.
3. Cuando se usa la alimentación por pila, un diodo de nivel de pila roja indica que es necesario recargar la pila.

La pila de los altavoces Logitech® Pure-Fi Anywhere™ 2 es de ion litio recargable y no extraíble. Tiene un número de ciclos de carga limitado y no se puede sustituir. Para más detalles, consulte la sección "Instrucciones para desechar la pila".

Mientras las bocinas de Logitech® Pure-Fi Anywhere™ 2 están conectadas a una toma de CA, se recargará también la pila del iPod/iPhone.

5 Listening to Music

1. Turn your Logitech® Pure-Fi Anywhere™ 2 speakers on by pressing the power button.
2. Press Play on your iPod.
3. Use the volume button to adjust the volume level.

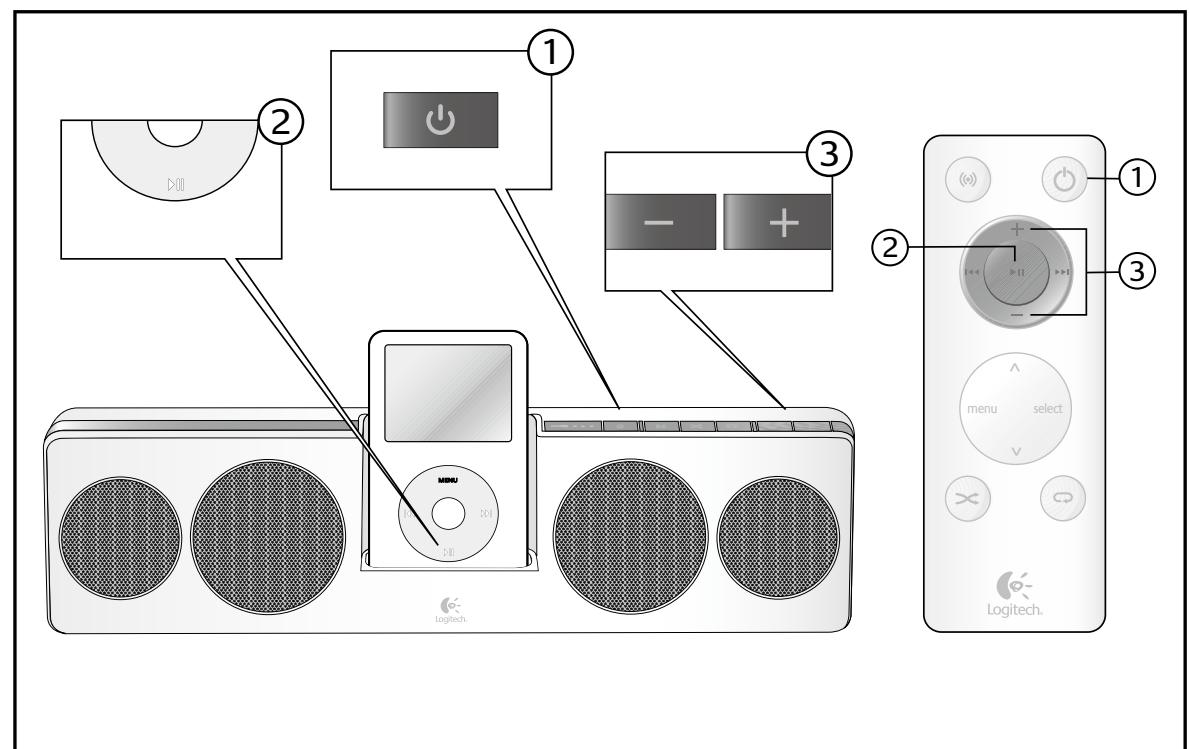

Note: You can also use the included wireless remote to turn the speakers on and off, adjust the volume, and select tracks.

Ecoute musicale

1. Allumez vos haut-parleurs Logitech® Pure-Fi Anywhere™ 2 en appuyant sur le bouton de mise en marche.
 2. Appuyez sur la touche de lecture de votre iPod.
 3. Réglez le volume à l'aide des boutons prévus à cet effet.
- Remarque: vous pouvez également utiliser la télécommande sans fil incluse pour activer et désactiver les haut-parleurs, régler le volume et sélectionner des pistes.

Audiencia de música

1. Pulse el botón de encendido para encender los altavoces Logitech® Pure-Fi Anywhere™ 2.
 2. Pulse el botón de reproducción del iPod.
 3. Use los botones de volumen para ajustar el nivel de volumen.
- Nota: también puede utilizar el mando a distancia incluido para encender y apagar los altavoces, ajustar el volumen y seleccionar pistas.

6 Getting the Most Out of Your Speakers

1. Utilización del estuche protector

Puede proteger que el conector de su iPod no se abra, insérte el adaptador sectores como se muestra (con el cable en la parte superior).

2. Navegación del iPod

El control remoto incluye botones para navegar en los menús del iPod. Los teclas flechitas permiten de moverse entre los menús, la tecla Menú permite de volver al menú anterior y la tecla Seleccionar permite de regresar al menú anterior.

3. Ajustando shuffle y repetición

Both the speakers and the remote include buttons to adjust the shuffle (\gg) and repeat (X) of the iPod.

4. Stereo XL

Logitech® Pure-Fi Anywhere™ 2 incluye una función propia "Stereo XL" exclusiva que amplia enormemente el campo sonoro. Para activar y desactivar Stereo XL, use los botones (X) del control remoto.

5. Tirez le meilleur parti de vos haut-parleurs

1. Utilización de la función de transporte

Puede proteger que el conector de su iPod no se abra, insérte el adaptador sectores como se muestra (con el cable en la parte superior).

2. Recorrido de los menús del iPod

El telemando comprende los botones previos para permitir de recorrer los menús de iPod. Las teclas flechitas permiten de moverse entre los menús, la tecla Menú permite de volver al menú anterior y la tecla Seleccionar permite de regresar al menú anterior.

3. Regla de los modos de lectura aleatoria y de repetición

Los altavoces y la telemando comprenden los botones previos para permitir de ajustar los estados de orden aleatorio (\gg) y de repetición (X) del iPod.

4. XL Stereo

Logitech® Pure-Fi Anywhere™ 2 integra una funcionalidad propia "XL Stereo" exclusiva que amplia enormemente el campo sonoro. Para activar y desactivar Stereo XL, use los botones (X) del control remoto.

5. Uso óptimo de los altavoces

1. Uso del estuche protector

Puede proteger que el conector de su iPod no se abra, insérte el adaptador sectores como se muestra (con el cable en la parte superior).

2. Recorrido de los menús del iPod

El mando a distancia incluye botones para recorrer los menús del iPod. La tecla flecha se usa para desplazarse por los menús.

3. Ajuste de orden aleatorio y de repetición

Tanto los altavoces como el mando a distancia incluyen botones para ajustar los estados de orden aleatorio (\gg) y de repetición (X) del iPod.

4. Stereo XL

Logitech® Pure-Fi Anywhere™ 2 incluye una función "Stereo XL" exclusiva que amplia enormemente el campo sonoro. Para activar y desactivar Stereo XL, use los botones (X) del control remoto.

5. Carga de los altavoces y iPod/iPhone

Tanto los altavoces como el mando a distancia incluyen botones para recorrer los menús del iPod. La tecla flecha se usa para desplazarse por los menús.

6. Uso óptimo de los altavoces

Tanto los altavoces como el mando a distancia incluyen botones para ajustar los estados de orden aleatorio (\gg) y de repetición (X) del iPod.

7. Control remoto para desechar la pila

Tanto los altavoces como el mando a distancia incluyen botones para recorrer los menús del iPod. La tecla flecha se usa para desplazarse por los menús.

8. End-of-Life Battery Disposal Instructions

This device uses a lithium ion battery that should last the lifetime of the device. If you suspect your battery may not be functioning well, try charging it. If the battery does not recharge, please contact Logitech Customer Support for repair information.

ATTENTION: DO NOT TRY TO CHANGE THE BATTERY YOURSELF. If the battery has died and you do not want Logitech® to replace your battery, you should follow the disposal instructions below. Contact Logitech for more information about the disposal of batteries.

Recycling Information for Lithium-Ion Battery: Battery Disposal of the Lithium-Ion Battery

Attention: Please use the original packaging when disposing of your Logitech® Pure-Fi Anywhere™ 2.

1. Lay flat front cover.

2. Use Phillips screwdriver to remove 2 screws as shown.

3. Do not place in trash. Recycle in accordance with local recycling laws.

Caution: The battery used in this device may present a risk of fire, explosion or chemical burn if mishandled.

Battery shall not be exposed to excessive heat such as sunshine, fire, or the like. Do not use or charge the battery if it is exposed to extreme temperatures. Do not disassemble, crush or puncture the battery, or expose it to sharp objects. Do not short circuit or damage the battery. Do not expose the battery to water or moisture. Do not expose the battery to direct sunlight or extreme temperatures. Do not expose the battery to extreme cold or freezing temperatures. Do not expose the battery to high temperatures or direct sunlight. Do not expose the battery to liquid or moisture. Do not expose the battery to impact or vibration. Do not expose the battery to extreme pressure. Do not expose the battery to extreme temperature changes. Do not expose the battery to extreme humidity. Do not expose the battery to direct sunlight or extreme temperatures. Do not expose the battery to liquid or moisture. Do not expose the battery to impact or vibration.
