5. Operation and function

• Basic button function setting

There are 11 functioning buttons built in to the **Trio Racer F1**, and each button has a different function depending on your game software.

PC	PlayStation3	Wii/Gamecube
Eight ways D-Pad	Eight ways D-Pad	Eight ways D-Pad
Button 1, 2, 3, 4	X, ○, □, △	Y, X, A, B
Button 5, 6	L2, R2	X, Y
Button 7, 8	L1, R1	L, R
Button 9, 10	Select, Start	Z, ST
MODE Button	PS Button	MODE Button

Note: Under PlayStation 3 console, "MODE" Button will be the "PS button" function.

6. Button Mapping

To change the function of particular button, you can follow below tips.

Create a mapping

- Press the "Select" button and stay 3 seconds.
- Three colour LED blinks quickly.
- Press the control to be mapped
- The Red LED blinks quickly.
- Press the destination control
- The Red LED stops blinking and return to its initial state, and you can go on button mapping.

Example :

Stage	Direction	Then :
1	Press "Select" 3 seconds	Three colour LED blinks quickly
2	Press "L1"	Blue LED blinks quickly
3	Press " X "	Blue LED stops blinking
Result	Now "L1" is " X " & " X " is "X"	

Exiting program mode

Method 1 : Auto-exiting program after 6 second when unpressing any button.

Method 2 : Exiting program by pressing "Select" button.

Erase the mapping (PS3/ PC /Wii/ GC)

- Pressing "Mode" button staying 2 seconds,
- The red LED blinks quickly and then return to its initial state
- The mapping has been erased.

7. Care Of the Unit

The **Trio Racer F1** is a well-designed mechanical device. However, it still requires a degree of care in its use and storage. Follow these guidelines when using, connecting or storing the **Trio Racer F1**:

- Do not expose the unit to direct sunlight for long periods of time, as this will cause the plastic to fade and become brittle.
- Do not spill liquids on the unit. If you accidentally spill anything on the **Trio Racer F1**, use a dry cloth immediately to clean it.
- Do not use any detergents or cleaners on the **Trio Racer F1**.
