

RT53K - Petrol self-propelled mower 53 cm

 Clic on

Characteristics

Engine : Kawasaki FC 180V OHV

Engine capacity : 182 cm³

Power : 6 ch

Maximum operating speed : 3000 r.p.m.

Fuel tank capacity : 2,5 l

Noise level : 98 dB

Handlebar vibration level : 3.5 m/s²

Architecture

Weight : 70 kg

Front wheel diameter : 225 mm

Rear wheel diameter : 310 mm

Wheels with roller bearings : yes

Housing material : Aluminium alloy

Supplied with grassbox : Non

Collection bag 85 l.

Cutting width : 53 cm

Performances

Very large surface : over 1500 sqm

Maximum mowing capacity : 2910 sqm/h

Flat or slope < 20°

Equipment

Disengageable blade

Hidrostatic transmission

Minimum operating speed : 0 km/h

Maximum operating speed : 5,5 km/h

Reversing speed : 3 km/h

Insert mulching

Rubber rear bumper

Cutting height adjustment system : Individual per wheel 5 positions

Cutting height adjustment : 25/40/55/70/85 mm

Variable flow hydraulic pump offering a "differential" effect.

Tow motors housed in the rear wheel.

Product advantages

OHV Kawasaki engine : robust, reliable, high torque, low consumption.

Robust materials (housing, engine, wheels, etc...).

Excellent manoeuvrability even in extreme conditions.

High quality cutting and grass-collecting.

Multi-purpose mowing with collection, mulching or ejection.

Automatic changeover, forward/reverse.

Engine brake on downward slopes.

Positioning

The latest model in the RT range designed for professional use.

Use : Professional

Accessories

Blade : RZ53V

Collection bag 85 litre RU53

Fuel preservative ZY739

Spark plug ZY751

Guarantee

1 year in professional use.

Guarantee of the chassis : 10 years
