

On-the-go Stereo with Vivid Sound

Breaking the mold, the inMotion Compact releases new levels of sounds from a compact design. The latest addition to the inMotion range, this ultra-portable stereo for iPhone and iPod delivers superb sound and a great value. Two innovative, front-firing ports push surprisingly powerful bass, wherever you need it. A sleek protective cover folds back as a stand, ensuring your music looks good wherever you take it. Designed with style in mind, this remarkable compact stereo allows you to share your anthems with confidence. Plug it in or run it on batteries. With seductively good looks and serious sound, this is an affordable stereo for those with expensive tastes.

inMotion® Compact

Portable speaker system for iPhone™ and iPod®

(iPhone / iPod not included)

Sound clarity never heard before from a speaker of this size, the inMotion Compact is the ultimate in portable, affordable sound for iPhone and iPod.

Audio Alignment™ technology

Drivers, enclosure and electronics are balanced for optimum sound.

Crystal-clear sound

Two full-range neodymium drivers deliver pure, distinct full-spectrum audio.

Surprisingly deep bass

Front firing ports deliver lows you can feel.

AC or battery-operated

Blast your sound for up to 24 hours with four AA batteries (or use the included AC adapter)*.

Stylish cover

Folds back to double as a stand.

Music pause

Automatically pauses music when a call is received on the iPhone.

Compact, folding design

Stylish cover folds back as a stand

Surprisingly deep bass

Interference-free

Unique design is immune to mobile phone interference, eliminating the need to switch to airplane mode.

Compact and lightweight

Fold it, tuck it and go.

Universal dock for iPhone and iPod

Recharges while it plays your tunes.

Auxiliary input

Switch it up by connecting a second audio source.

Onboard controls

Let you dial up the volume from the dock.

Compatible with iPhone and iPod models
