

XF70 - Electric hedge cutter

 Clic on

Characteristics

Power : 600 W

Blade length : 70 cm

Spacing of blades : 27 mm

Noise level : 81 dB

Handlebar vibration level : 3.0 m/s

Architecture

Weight : 4,8 kg

Performances

Transmission : 2 stages

Number of cuts : 2400 min-1

Blade stopping time : instant (≤ 0.03 second)

Equipment

Protective storage sheath.

Integrated cable socket.

Anti-impact end stop.

3 starter controls

Rail with aluminium finish.

4 integrated oilers (principle patented by Outils Wolf).

Product advantages

Careful ergonomics and very well balanced device.

Unique handle geometry for more comfortable use.

Ideal for horizontal and vertical cutting.

Maximum safety (two-hand control, mechanical blade stoppage).

Positioning

A particularly easy to handle hedge cutter, very effective for big jobs.

Use : General public

Accessories

Special overmoulded cable (25m) VV25

Special overmoulded cable (50m) VV50

Guarantee

2 years private use, 1 year professional use.
