For your safety — Read this user guide carefully to ensure proper use of the product and to avoid any danger of physical damage.

- ✚ Please use your Mp4 player properly in case of explosion, fire, electric shock, etc.

- ✚ When using your player, pay attention to your health, especially the hearing power.

- Do not leave the player in a place subject to moisture or temperature higher than 35 C or lower than 5 C.

- Do not use the earphones while driving or riding a bicycle.

- ✖ Do not repair the player by yourself, or it will cause damage.

- It may cause traffic accident if you turn up the volume of the earphones while walking down the street.

- Do avoid getting the player wet or drop it in water.

- Do not turn up the volume too high, doctors warn against prolonged exposure to high volume.

- Stop using the device or turn down the volume if you have ringing in your ears.

- Please backup important data onto your computer as repair or other causes may result in data loss.

- Always use the accessories provided by or approved by our company, also do not spray water on the player

1

Note: Please recharge the digital player before using it!
Function features
