The new A6 allroad

Pricing and Specification Guide
Valid from September 2009

Personalising your A6 allroad

This guide has been designed to help you tailor and price your Audi A6 allroad quickly and logically. At the back of this guide, you will also find information on CO₂ emissions-based vehicle excise duty and the other services offered by Audi, including Finance and Insurance.

Vorsprung durch Technik.

Three words that express the very essence of Audi. Vorsprung durch Technik isn't a slogan. It's our way of seeing the world. It is the driving force behind our history of innovation that continues into the 21st century. Indeed, many technologies that Audi pioneered remain in our cars today. Some are milestones in the history

of the motorcar. From our beginnings in 1899, to the Auto Union team's Grand Prix successes in the 1930s and our more recent wins at Le Mans, we have always been at the forefront of the motor industry.

Vorsprung durch Technik makes us who we are. To see more of its influence, just read on.

The A6 allroad

It's all in the name. The A6 allroad is fit for all terrains – rugged or flat, town or country – thanks partly to the extraordinary road-holding of quattro® permanent all-wheel-drive. In the same way that our hands adjust to whatever we're holding, quattro® continuously adapts to suit the terrain. So it maintains the car's traction and stability, keeping you in control on the road – and, of course, off it.

The Audi A6 allroad comes with a comprehensive range of equipment as standard, including Milano leather upholstery, Bluetooth, adaptive air suspension and cruise control. There's also a wide selection of optional features, such as HDD Satellite Navigation, BOSE® sound system and the Rear Seat Entertainment Package, all of which you can choose when you place your order.

Efficiency

At Audi, doing less is something we're trying to do more of. We're working to use less fuel, release less CO₂ and waste less energy. It's why we've incorporated a number of more efficient technologies into the Audi A6 allroad.

Recuperation

When a vehicle brakes, the discs convert the kinetic energy into thermal energy, which is wasted as it cannot be used. With a recuperation system, like the one in the Audi A6 allroad, the kinetic energy is converted into useful electrical energy. The way it works is simple. While the car is coasting or braking, the alternator voltage is raised above the level of the basic electrical system, which enables the alternator to generate electrical energy and store it temporarily in the battery. When the vehicle accelerates, this energy is used to relieve the load on the alternator, resulting in a fuel saving of 3%.

TDI and FSI

Inside the engine of the Audi A6 allroad you'll find the same advanced fuel-injection technology that's driven us to eight Le Mans victories in the last ten years. With TDI and FSI, fuel is injected directly into the engine's chambers so that combustion is timed right down to the millisecond. As a result, waste is minimised and you get the most from every last drop of fuel.

Aerodynamics

A car's shape can have a big impact on its efficiency. It's why we've worked to make the A6 allroad as aerodynamic as possible, including technology such as adaptive air suspension that responds to changes in speed. It means that the A6 allroad becomes more aerodynamic at high speeds, while still offering good ground clearance in off-road situations.

Engines

Petrol

Supercharging. It's the innovation that powered the legendary Auto Union racers to win after win back in the 1930s, and it's still proving its worth today. It's what enables the A6 allroad's 3.0 TFSI engine to produce an exceptional 290PS of power, 420 Nm of torque and better all-round performance than an equivalent twin-turbo. The 3.0 TFSI also achieves lower fuel consumption and more power than a conventional petrol engine. Fuel is injected into each cylinder individually, at very high pressure, which leads to greater efficiency. All while producing a lower level of CO₂ than you might expect, meaning that the A6 allroad 3.0 TFSI already meets the proposed EU 5 emissions standards.

Diesel

There are two V6 diesel engines available in the A6 allroad: the 2.7 TDI and the 3.0 TDI. Their working principle is simple, yet remarkably effective. A turbocharger supplies fresh air to the engine, and immediately after compression an injector delivers fuel into the combustion chambers at a very high pressure. Advanced common-rail technology ensures that fuel is injected into each cylinder individually, leading to a smoother, more refined drive and impressive levels of torque. Of course, like its FSI petrol counterpart, the TDI diesel engine also offers low fuel consumption and CO₂ emissions. In fact, both TDI engines in the A6 allroad range now comply with the stringent EU 5 emissions limits scheduled for 2010.

Transmission

tiptronic

The automatic transmission available in the A6 allroad is known as tiptronic. It's a specially-developed 6-speed gearbox designed to get the best from quattro® permanent all-wheel-drive. The technology converts high-torque and engine power into both sporty performance and operating convenience, with crisp, fast gear changes, reduced weight and an optimised gearshift strategy.

More spontaneous gear changes are a particular benefit, especially when down-shifting. Both in the 'D' (Drive) and 'S' (Sport) programme, the advanced electronics used in tiptronic respond efficiently to every driver input, helping to prevent unwanted upshifts when cornering.

quattro®

It's the technology that's given us the edge on the rally circuit ever since it was first introduced over 25 years ago, bringing victory for the Audi quattro® on its very first outing. It's called quattro® permanent all-wheel-drive. In this system, four permanently-driven wheels deliver better acceleration, road-holding and safety, while asymmetric-dynamic torque distribution intelligently controls the flow of power to the front and rear axles.

It means that the A6 allroad can 'read' the road, sensing changes in the surface beneath the wheels and adjusting their grip accordingly. So when conditions get a little more demanding – in particular, when you go off-road – quattro® adapts, putting all the force of the A6 allroad's engine precisely where it's needed to handle the change in terrain.

Standard model equipment

All new A6 allroad models have the following items of Standard equipment

Wheels, tyres and suspension

17" '7-arm Rotor' design alloy wheels with 225/50 R17 tyres

Adaptive air suspension with 5 modes (dynamic, automatic, comfort, allroad and lift)

Four-link front suspension

Spare wheel – collapsible with electric compressor

Audio and communication

MMI Radio Plus, including:

- FM/AM radio
- 10 speakers
- Single CD player
- DSP sound system
- 2 SD memory card readers

Mobile telephone preparation – low with Bluetooth and voice control

Safety and security

Anti-lock Braking System (ABS) with EBD

Anti-Slip Regulation (ASR) traction control

Audi backguard head restraints for front

seats (adjustable)

Brake light – third brake light in rear window

Brake system: disc brakes at front and rear, ventilated at front

Central locking with radio remote-control

Child locks, electric for rear doors and windows

Driver and front passenger two-stage airbags with front passenger airbag deactivation

Electronic Differential Lock (EDL) traction control

Electromechanical parking brake

Exit lights and active reflectors on all doors

Front fog-lights

Headlight washers

ISOFIX child-seat mounting (front-left and outer-rear seats)

Light and rain sensor including coming/leaving home function

Rear fog light

Servotronic steering – power steering with speed-dependent control

Side airbags for driver and front passenger

Side-impact protection in all doors

Sideguard head airbag system to protect front and outer rear passengers in a side collision

Thatcham Category 1 alarm and immobiliser
Warning triangle

Seats

3-point seat belts for all seats

Milano leather upholstery

Split-folding rear seats

Interior equipment

4-spoke leather multi-function steering wheel (including gear-shift paddles on automatic models)

12V power socket in luggage compartment

12V power socket in rear centre console

Air vents with aluminium trim, 4 vents on the dashboard, 2 for the rear between the front seats, illuminated controls

Aluminium 'Axial' fascia and door trim inlays

4-spoke leather multi-function steering wheel

Scuff plates with metal inlays in 'allroad' design

Dual-zone electronic climate control

17" '7-arm Rotor' design alloy wheels

Aluminium look interior, on door handles, MMI control knob and gear lever

Ashtrays, illuminated, at the front of the centre console and in the rear doors

Auto-dimming rear-view mirror

Centre armrests, front and rear. Front-hinged with storage compartment

Cigarette lighter in front centre console

Coat hooks with cushioned action, two recessed in roof area

Compartment for glasses in front roof module

Cruise control

Cup holder within the centre console storage-compartment and a second cup holder beneath the front centre armrest

Driver's Information System (DIS)

Dual-zone electronic climate control

Electric front and rear windows

Floor mats (front and rear)

Illuminated vanity mirrors integrated into front sun visors

Load area comprising rail system, lashing points and folding load-area floor

Luggage compartment cover

Reading lights – two at front and two at rear

Scuff plates with metal inlays in 'allroad' design

Storage pack

Tool kit in luggage compartment

Exterior equipment

Body-coloured door mirrors, handles and bumpers

Daytime running lights (halogen, LED in combination with Xenon Plus headlight option)

Electrically adjustable and heated door mirrors

Front grille in 'allroad' design with vertical chrome elements

Halogen headlights

Heated rear window

Heat-insulating glass

High-gloss pack with aluminium-look window and door-handle trims with gloss-black B-pillar

LED rear lights

Rear window wash/wipe

Roof rails in aluminium with unique 'allroad' design

Towing lugs at front and rear

Twin catalytic converters

Underbody protection in stainless steel

Visible Vehicle Identification Number (VIN)

Wheel arches and lower bumpers in contrasting design

Windscreen-washer jets, heated

A6 allroad Special Edition model equipment

In addition to Standard
model equipment

A6 allroad Special Edition

| Engines | Power | Transmission | Basic RRP | Total RRP inc VAT | Recommended OTR |
|-------------------|-------|-------------------|------------|----------------------|--------------------|
| 3.0 TDI quattro® | 240PS | 6-speed manual | £33,230.43 | £38,215.00 | £39,050.00 |
| 3.0 TDI tiptronic | 240PS | 6-speed tiptronic | £34,421.74 | £39,585.00 | £40,420.00 |

Please note: The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of brake horsepower). To convert to brake horsepower, divide the PS figure by 1.0139.

Recommended On-The-Road (OTR) retail prices include: delivery charge, half a tank of fuel, number plates at £565.00 (inc. VAT), Road Fund Licence (which may vary depending on model/transmission – see page 48 for details) and first registration fee at £55.00.

RRP – Recommended Retail Price.

VAT is calculated at 15% but this may alter to reflect any change in the applicable VAT rate.

A6 allroad 3.0 TDI Special Edition

Audi exclusive

Audi exclusive

Every Audi is intrinsically exclusive. It's the breathtaking design, the exceptional engineering, the Vorsprung durch Technik. But for that special touch you can specify your new A6 allroad with options from Audi exclusive. Whether you want a unique, custom-mixed paint colour or seats in a combination of complementary shades, Audi exclusive will enable you to drive the car you've always imagined.

Both the exclusive and standard options can be found on the following pages.

Paint

Standard and optional colours

You can select one of the Standard colours shown opposite or, for a different look, choose from a range of optional finishes.

Options are subject to availability and may extend delivery.

All the colour swatches on this page are matched as accurately as possible to the actual paint colours used. However, due to print processes, Audi UK cannot guarantee that colours shown are 100% accurate.

Visit your local Audi Centre for a more accurate colour swatch.

RRP – Recommended Retail Price.

VAT is calculated at 15% but this may alter to reflect any change in the applicable VAT rate.

Standard colours

Ibis white – T9

Brilliant black – A2

Optional colours

Phantom black, pearl effect – L8

Teak brown, metallic – 6A

Dakar beige, metallic – 9X

Ice silver, metallic – P5

Night blue, pearl effect – 7X

Lava grey, pearl effect – 6Y

Quartz grey, metallic – Q4

Aventurine blue, pearl effect – 7Y

Condor grey, metallic – 5Q

Garnet red, pearl effect – 9C

Optional colours

Basic RRP
£508.70

Total RRP inc VAT
£585.00

Paint

Audi exclusive and customised

Everyone has a favourite colour. No matter what yours is, Audi exclusive provides a range of unique colours that have been designed to set your car apart. Choose from the swatches here, or specify any other paint colour in the Audi range – whether it's Jet blue from the Audi R8 or Alpine white from the original Audi quattro®. The choice is yours.

Customised paint

In a car made from Vorsprung durch Technik, there are no compromises. So if you have a particular colour in mind, we'll mix the exact metallic or pearl-effect shade you want.*

Options are subject to availability and may extend delivery.

*Custom paint is subject to factory approval, and is available for metallic and pearl-effect water-based paints only. Three-colour process colours and two-tone schemes are not available.

All the colour swatches on this page are matched as accurately as possible to the actual paint colours used. However, due to print processes, Audi UK cannot guarantee that colours shown are 100% accurate.

Visit your local Audi Centre for a more accurate colour swatch.

RRP – Recommended Retail Price.

VAT is calculated at 15% but this may alter to reflect any change in the applicable VAT rate.

Upholstery

Audi exclusive

With Audi exclusive, you can choose between Fine Nappa leather, Fine Nappa leather/Alcantara or Valcona leather, depending on the texture and flexibility you prefer in your car's upholstery. And once that's decided, you can specify your seats in an array of different colours shown here.

Choose just one all-over shade for each seat, or customise each panel in two or more complementary colours from the distinctive Audi exclusive palette. You can even choose the colour of the decorative stitching – to match or contrast with your chosen upholstery – from this varied collection. Whatever combination you decide upon, we think you'll be extremely comfortable with the result.

Options are subject to availability and may extend delivery.

technical data

*Electronically limited.

All diesel engines are fitted with a Diesel Particulate Filter.

¹The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

²Top speed is achieved in top gear

³The given values were calculated in accordance with the specified measurement procedure (the respective current version of Directive 80/1268/EEC). This information does not relate to a single vehicle and does not comprise part of the offer but is merely intended for the purpose of comparison between the different vehicle types.

⁴Vehicle's unladen weight without driver (calculated in accordance with the current version of Directive 80/1268/EEC). The fitting of additional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the potential carrying capacity and top speed will be correspondingly reduced.

⁵The engine's power output always goes down with increasing altitude. At 1,000m above sea level, and for every additional 1,000m, deduct 10% from the weight of the outfit (trailer load limit + gross weight of the towing vehicle).

Please note: The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of brake horsepower). To convert to brake horsepower, divide the PS figure by 1.0139.

A6 allroad dimensions

The technical drawings opposite show the exact dimensions of the A6 allroad, so you can check everything – from whether the car will fit in your garage to whether your luggage will fit in the boot.

Dimensions were measured with vehicle at unladen weight.

Turning circle approx 11.9m.

Dimensions in millimetres.

- * Dynamic mode
- ** Lift mode
- *** Maximum headroom

Additional information

CO₂ data and information

CO₂ emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO₂) a vehicle emits, measured in grams per kilometre (g/km). The DVLA has created thirteen categories:

Petrol and Diesel engines

| | |
|---------------------|---------|
| A – up to 100g/km | £0.00 |
| B – 101 to 110g/km | £35.00 |
| C – 111 to 120g/km | £35.00 |
| D – 121 to 130g/km | £120.00 |
| E – 131 to 140g/km | £120.00 |
| F – 141 to 150g/km | £125.00 |
| G – 151 to 165g/km | £150.00 |
| H – 166 to 175g/km | £175.00 |
| I – 176 to 185g/km | £175.00 |
| J – 186 to 200g/km | £215.00 |
| K* – 201 to 225g/km | £215.00 |
| L – 226 to 255g/km | £405.00 |
| M – over 255g/km | £405.00 |

*Band K includes cars that have a CO₂ figure over 225g/km but were registered before 23 March 2006.

Servicing tailored to your needs

Regular servicing is key to safeguarding your Audi’s performance and a full Audi service history could help you preserve the future re-sale value. To make servicing easy, the Audi Service Schedules have been designed to work with your individual driving style and vehicle.

There are two schedules available and your Audi Centre will advise which schedule is most suited to your needs. The conventional fixed Audi Inspection Service Schedule has fixed intervals for the Oil-change and Inspection Service

that are based on time and distance, whichever comes first. With the Audi LongLife Service Schedule, sensors take account of driving style and conditions in which the vehicle is used to indicate when the Oil-change Service is required. Oil-change Service intervals are therefore variable and are conveniently indicated via the on-board service interval display.

Fixed Inspection Service Schedule

| | Vehicle usage: |
|--------------------|---|
| Mileage | Less than 10,000 miles per annum |
| Type of journey | Mainly city/town centre driving. Short journeys |
| Conditions | Frequent cold starts. High engine loading – e.g. frequent hill climbs, vehicle fully loaded, towing |
| Driving style | Uneconomical – e.g. heavy acceleration, heavy braking, constant changes in speed, constant use of high revs, ‘sporty’ driving |
| | Service Intervals: |
| Oil-change Service | Fixed to every 9,000* miles/1 year |
| Inspection Service | Fixed to every 19,000* miles/2 years |

Variable LongLife Service Schedule

| | Vehicle usage: |
|--------------------|--|
| Mileage | More than 10,000 miles per annum |
| Type of journey | Motorway and main road driving. Mainly longer distance journeys. Constant speeds |
| Conditions | Normal engine loading – e.g. with little or no towing, with little or no hill climbs. Normal vehicle loading |
| Driving style | Moderate acceleration, moderate braking, engine revs mainly below 3,000 |
| | Service Intervals: |
| Oil-change Service | Variable to a maximum of every 19,000* miles/2 years |
| Inspection Service | Fixed to every 19,000* miles/2 years |

*As indicated by the service interval display. Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement.

Additional information

Welcome to Audi

By placing an order for your Audi, you're choosing to get behind the wheel of one of the most sophisticated cars on the road. And because we believe the service we offer should be just as advanced, we wanted to let you know exactly what you can expect from us, now and in the future.

We've agreed a set of standards with all our Centres, which governs the way we do business with you. It outlines the kind of service we promise to deliver for every customer, right down to filling each new Audi we sell with half a tank of fuel.

So whether you're interested in the date your car will arrive in the UK or the way we'll dispose of non-biodegradable materials after we service your Audi, you can have total confidence in us.

Audi Promise

Audi Centres

We guarantee that all of our Centres will be open as follows;

Sales: Monday to Friday 9am–6pm
Saturday 9am–5pm

Service: Monday to Friday 8am–6pm
Saturday 8.30am–1pm

Sunday opening is at local discretion.

New car delivery

Once we've confirmed a delivery date for your car, we'll keep you informed of progress. Subject to reasonable notice, we'll then deliver it to a place of your choice, whether that's your home or place of work. In the unlikely event of a delay, we'll provide a courtesy car to minimise inconvenience and keep you mobile.

The experts in Vorsprung durch Technik

Would you entrust your Audi to anyone who hasn't been regularly trained to Audi standards? Our network of Audi Approved Master Technicians have undergone an impressive 100,000 hours of training over a 10-year programme to ensure they have the latest technical expertise for maintaining and servicing your Audi. All of our Service Advisors undergo a specialist induction and training to ensure they are Audi professionals and able to talk to you about any issues you may have with your Audi vehicle. What's more, we have so much expertise and experience in looking after Audi vehicles that we are able to make a note of your mileage and the state of your vehicle as and when we see it and predict when certain key events may occur. As part of our duty of care, we will notify you in plenty of time so you can make an appointment with us.

Your convenience comes first

At Audi you can choose from a range of convenient services that suit your needs. Why not book a 'service while you wait' appointment* and enjoy our complimentary refreshments while your car is with us? Or, if you need to be mobile, take advantage of one of our courtesy cars which we can even collect and deliver to you.* We guarantee we can service your Audi within 5 days without a courtesy car, or within 10 days if you need transport. We will also ensure your car is returned to you with a full valet.

Audi Genuine Parts

Would you put a part into your Audi that wasn't the same quality as the factory-fitted original? You can rest assured that only Audi Genuine Parts will be used on your vehicle. What's more, Audi parts and labour come with a 2-year guarantee.** We stock a wide variety of parts, so we are well covered. However, if we don't have a part in stock at our Centre we have the back-up of parts at other Audi Centres, at our national warehouse and our factory and can usually source the relevant part very quickly.

We don't like surprises either

We believe strongly in transparency and there will be no hidden costs. For added peace of mind, we will give you a quotation over the phone for the work you have requested and email you the price confirmation. We'll consult you if any additional work on your car is needed when it is with us. We won't carry out any extra work without asking your permission first.

The Audi Stamp

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you preserve the future re-sale value of your car. Only the Audi Stamp will prove your approved Audi service history.

Getting better every time

Audi continually gather feedback from our highly trained Technicians and our customers to ensure our vehicles are running as they should. If necessary, we use this feedback to make improvements (in the form of software updates) to help maintain the durability, performance, efficiency and safety you would expect from our cars. These updates will also ensure certain retrofitted products are correctly installed and function correctly (tow bar fitting changes the torque characteristics of your engine, for example). We ensure these are loaded onto your vehicle each and every time it's in our workshop.

Environmental commitment

We promise to dispose of all non-biodegradable materials from your vehicle in a responsible manner

*Subject to availability.

**Excludes wear and tear.

Pricing information

Pricing

Prices and specifications given are correct at the time of printing. Always check details with your Audi Centre, as Audi policies are continually developing. We reserve the right to change prices or specifications at any time.

VAT is calculated at 15% but this may alter to reflect any change in the applicable VAT rate.

Delivery charges and number plates are not included in the vehicle price.

| | |
|-----------------|---------|
| Delivery charge | £471.30 |
| Number plate | £20.00 |
| VAT | £73.70 |
| Total | £565.00 |

Audi Roadside Assistance

Your new car comes complete with complimentary roadside assistance and recovery across the UK provided by RAC Motoring Services. Also included is roadside assistance throughout Europe, managed by RAC Motoring Services.

Audi Customer Care

Every new Audi benefits from the comprehensive Audi Customer Care Package, which comprises:

- A 3-year Audi warranty, which covers you for unlimited mileage in the first 2 years of ownership, with a full mechanical and electrical warranty which covers you for up to 60,000 miles in the 3rd year
- A 3-year paint warranty
- A 12-year anti-corrosion warranty
- 3 years' UK roadside assistance and recovery

This package, together with Audi variable service intervals, offers a combination unmatched by any other major manufacturer.

Contact your Audi Centre for full details.

Audi Tax-Free Sales

If you are entitled to purchase a vehicle free of VAT, normally through Military or Diplomatic privilege, please contact your local Audi Centre for full details.

Should you have any difficulty obtaining the information you require, please call Freephone 0800 585878.

Audi Finance

Audi Finance specialise in providing funding solutions for Audi drivers. Whether your Audi is for private or business use, there are a range of funding options to choose from.

Below is the full range of finance products.

- Solutions – a Personal Contract Plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all products, you can choose a fixed-cost maintenance plan designed to help you budget accurately.

No matter what Audi model you choose, your local Audi Centre can provide you with a personalised quote which could fit your budget and motoring needs.

Audi Finance is a trading name of Volkswagen Financial Services (UK)

Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

Audi Insurance

Competitive comprehensive motor insurance designed specially for Audi drivers. All new Audi models come with complimentary seven-day cover upon request – we'll email a cover note directly to your Audi Centre, enabling them to tax your car easily. This way, you can drive straight out of the showroom. Taking out an annual policy is easy and it can begin as soon as your free 7-day cover expires.

For more information, contact your local Audi Centre. Alternatively, call 0800 051 3146 for a quote and to receive 7 days' complimentary cover for your new Audi.

Audi Insurance is underwritten and administered by Zurich Insurance Company.
