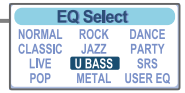
1 During the music file playback or pause, press A-B button, to display the EQ SELECT screen.

Note

■ You can select one of the following EQ types:
NORMAL, CLASSIC, LIVE, POP, ROCK, JAZZ, U BASS, METAL, DANCE, PARTY, SRS, USER EQ

2 Press the ⏮, ⏭, +, − button to select desired sound EQ.

The sound is changed to the selected EQ.



Getting music on your player

Get the latest Windows Media Player

In order to copy musicto your player, you must have Windows Media Player 11 installed.
The Easy Start CD should include the proper version of Windows Media Player.

Windows Media Player 11 can also be found online at : www.microsoft.com/windows/windowsmedia/download/

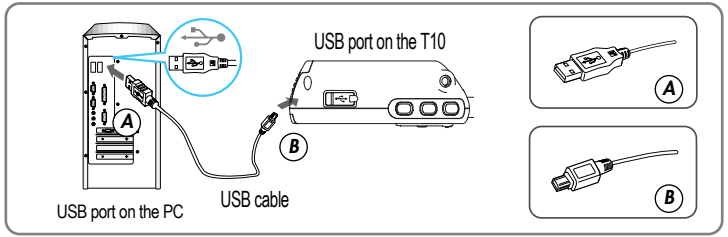
Once Windows Media Player has been updated, use the following steps to load music onto your player.

* Please note, purchased music can only be copied to this player using Windows XP and the latest version of Windows Media Player.

1. Connect T10 to your computer

a. Connect the USB cable to the USB port on the player and to the PC.

b. Power on the T10.



2. Open Windows Media Player 11.

a. Click Start → All Programs → Accessories → Entertainment → Windows Media Player.

b. Click “Sync” from the menu button near the top of the screen.

Your music library will be displayed on the left, and the device information on the right.

3. Locate a song in the library and right-click on it. Select Add to "Sync List".

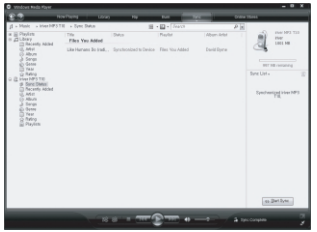
A “Sync List ” will appear on the right side of Windows Media Player listing all the songs to be added to your player.

Repeat this step for all the songs you would like to add to your player.

4. Click Start Sync to transfer the items on your Sync list to the player. A progress indicator will show each file transferring.

When complete, copied songs will appear in the "Files You Added" list.

Disconnect the player from your computer and enjoy your music!



Note

■ If you prefer having your music library automatically synchronized to T10 :

a. Click the arrow below Sync tab, and select iriver MP3 T10 - Set Up Sync.

b. Select "Sync this device automatically" option.

Deleting a file or folder on the player

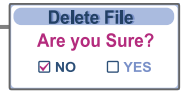
1 While in stop mode, press the ⚙ button to display music list screen.
Select a file or folder to delete by using the ⏮, ⏭, +, − button.

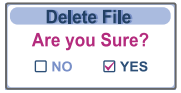
⏮ : to go the upper folder ⏭ : to go the sub folder
+, − : to select a file

2 Press the A-B button to display Delete File or Folder screen.
Select "YES" by using the ⏮, ⏭ button to delete, then press the ⚙ button.

File or folder is deleted on the player.

■ You can only delete an empty folder.





Creating a iQuickList file on the player

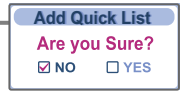
1 While in stop mode, press the ⚙ button to display music list screen.
Select a file to add to iQuickList by using the ⏮, ⏭, +, − button.

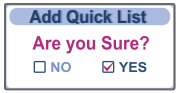
⏮ : to go the upper folder ⏭ : to go the sub folder
+, − : to select a file

You can create on-the-fly quicklist(iQuickList) on the device without a computer.

2 Press and hold the A-B button to add the track to iQuickList.
Select "YES" by using the ⏮, ⏭ button to add, then press the ⚙ button.

iQuicklist.pla will be saved on the root and select the file to play iQuickList.





Note

- You can remove a track from iQuickList by pressing **A-B** button. (It does not delete the file itself from the device)
- Removing a track from iQuickList is not available during playback.
- Only 0, 21, 20, 50 and 5220 are available when playlist playback.

BROWSER

1 Press and hold the ⚙ button to display the function mode screen.
Press the ⏮, ⏭ button to select [BROWSER] mode, then press the ⚙ button to enter.

2 File list screen is displayed on the LCD screen.

IMAGE VIEWER

1 While BROWSER mode, select a image file by using the ⏮, ⏭, +, − button.
Press the ⚙ button to to view .

⏮ : to go the upper folder ⏭ : to go the sub folder
+, − : to select a file
⚙ : to execute image viewer

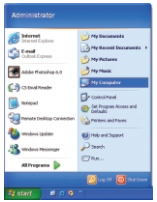
Note

- Image file may not display if file is damaged.
- Only 4/8/16/24 bit Mono/Color BMP file can be displayed.
- RLE type BMP file is not supported.

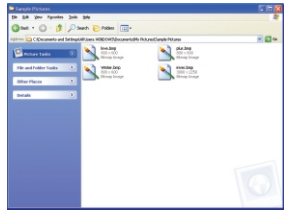
Adding image file to player

1. Connect the player and PC using the cable supplied with the player and power it on. (Refer to page 10.)

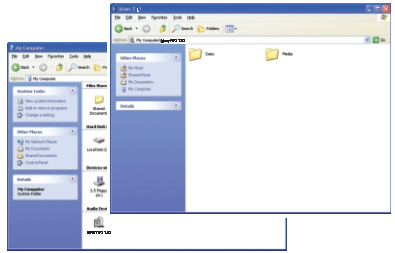
2. Open “Start - My Computer”.



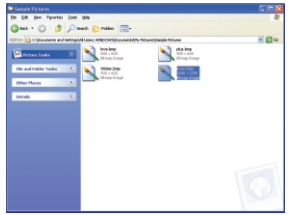
3. Locate your image files(BMP), usually found in "My Documents" then "My Pictures", keep this folder open.



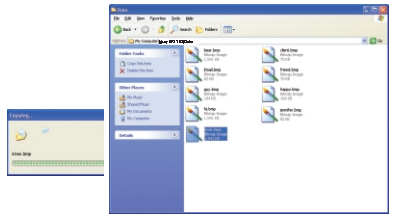
4. Open a second My Computer window. Double click on the iriver MP3 T10 device.



5. To get images on the player, drag and drop the image files from your PC to a temporary folder in the iriver MP3 T10 portable device.



6. A progress window will appear while files are copying.



7. Disconnect the USB cable once all copying has finished.

*FM RADIO

* Only for models including FM Radio function

Listening to FM radio

1 Press and hold ⚙ button to display the function mode Screen.
Press the ⏮, ⏭ button to select [FM RADIO], then press the ⚙ button to confirm.

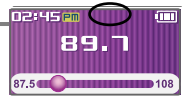
The previous station is displayed.

2 Press the ⏮, ⏭ button to select your desired station.

3 To change STEREO/MONO

Press the ▶/■ button to change Stereo or Mono.

The station is changed to stereo or mono.



Note

■ In areas where the signal is weak, some channels may be unavailable, or reception may be poor.

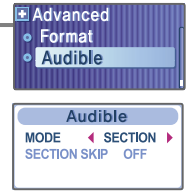
8. Audible ™

Changes Audible Mode, and set Section Skip ON/OFF.

- Audible Mode can be either <Section> or <Bookmark>.
- When Section Skip is ON, pressing and holding ⏮, ⏭ button while playing Audible ™ file will skip to the previous or next section of the current track.

Please refer to “Using Audible ™ files” section for more details.



Listening to Audible ™ files

What is Audible ™ ?

Audible ™ is one of the leading suppliers of spoken audio entertainment and educational programming. Audible ™ offers over 80,000 hours of audio programs.
For more information, please visit Audible.com ® at http://www.audible.com

Transferring Audible ™ files

To transfer Audible ™ files to T10, you should use AudibleManager.
Please visit Audible.com ® at http://www.audible.com, in the Device Center.

Sections

Each Audible ™ file is broken into segments called sections.
Configure “Mode” as “Section” in the Settings → Advanced → Audible menu to browse for the sections while listening to Audible ™ file.
If you configure “SECTION SKIP” as “ON” in the Settings →Advanced menu, clicking and holding ⏮, ⏭ will skip to the previous or next section of the current Audible ™ file.

- Click and hold ⚙ to display section list. Click +, − to browse for the section you want to listen to, and click ⚙ to play the section.
- Click A-B to escape from the section list.

Listening to Audible ™ files

Bookmarks

You can add bookmarks in each Audible ™ file, so that you can always return to your favorite part.
Configure “Mode” as “Bookmark” in the Settings →Advanced →Audible menu to browse for the bookmarks while listening to Audible ™ file.

- While listening to Audible ™ file, click ⚙ to add a bookmark.
- Click and hold ⚙ to display bookmark list. Click ⏮, ⏭ to delete a bookmark, and click and hold ⏮, ⏭ to delete all bookmarks.
- Click +, − to browse for the bookmark you want to listen to, and click ⚙ to play from the bookmark.
- Click A-B to escape from the bookmark list.

You can add up to 10 bookmarks in each Audible ™ file.

Firmware Upgrade 61
Troubleshooting 62
Specification 63
Safety Information 64
FCC Certification 65

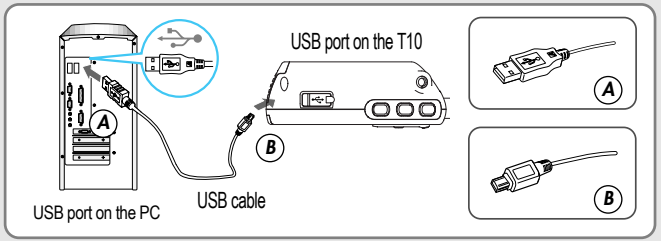
Firmware Upgrade

To update the firmware in T10, your computer need to be connected to the internet.

Firmware Upgrade

1 Please download the iriver Firmware Updater from www.iriveramerica.com/support/mtpupdate and unzip the file. Then you will see the shortcut to the updater on your computer. Double click the icon to start the iriver Firmware Updater.

2 Connect your device to the computer.



3 Follow the on-screen instructuions to update the firmware on your T10.

4 When the update is complete, disconnect T10 from the computer. T10 may be rebooted several times after it is disconnected.

Note

- Before upgrading the firmware, check the condition of the battery. The firmware upgrade may fail due to battery power shortage.
- Do not turn the player off until the upgrade is completed.

Troubleshooting

Should any problem persist after you have checked these symptoms, consult your iriver dealer or contact support at www.iriveramerica.com.

Trouble	Solution
No Power.	■ Check whether the HOLD switch on the player is ON (Switch to OFF position) ■ Check the condition of the battery. Insert a fresh battery.
No sound or distortion during playback.	■ Check whether VOLUME is set to "0". ■ Firmly connect the earphones. ■ Check whether the plug is dirty. Clean the plug with a dry and soft cloth. ■ Corrupted MP3 or WMA files may make a static noise and the sound may cut off. Listen to your files on the PC to see if they are corrupted.
Characters in LCD are corrupted.	■ Check out SETTINGS→Display→Language and confirm whether the right language has been selected.(Refer to page 45)
Poor *FM Reception.	■ Adjust the position of the player and earphones. ■ Turn off the power of other electric devices near the player. ■ The Earphone cord functions as the antenna, they must be plugged in for best reception.
Failed download of MP3 file	■ Check the condition of the battery. ■ Check the connection between your computer and the player to ensure that the cable is secure. ■ Check whether the player's memory is full.
The title saved in T10 are not played.	■ T10 supports up to 700 music files and 700 folders.

* Only for models including FM Radio function

Specifications

Memory Capacity	1 GB*	2 GB*
Model No.	T10 1GB	T10 2GB

Category	Item	Specifications	
Audio	Frequency range	20 Hz ~ 20 KHz	
	Headphone Output	(L)15 mW + (R)15 mW (16 Ohm) max. Volume	
	S/N ratio	90 dB(MP3)	
**FM Tuner	FM Frequency range	87.5 MHz ~ 108 MHz	
	S/N ratio	60 dB	
	Antenna	Headphone/Earphone-Cord Antenna	
File Playback	File Type	MPEG 1/2/2.5 Layer 3, WMA, OGG, ASF	
	Bit Rate	8 Kbps ~ 320 Kbps	
	Tag Info	ID3 VI, ID3 V2.2.0, ID3 V2.3.0, ID 3 V2.4.0	
	Max. Playtime	Approx. 53 hours (128 Kbps, MP3, Vol 20, LCD off, EQ Normal, Alkaline "AA" 2400mAh)	
Recording	Max. Recording time (@32Kbps)	1 GB	2 GB
		Approx. 72 hours	Approx. 144 hours
Display	LCD	65,000 color 1.01 inch CSTN	
	Language	40 languages	
General	Dimension	85.8 (W) x 40.8 (D) x 29.4 (H) mm	
	Weight	49 g (without battery)	
	Battery	AA Type Alkaline battery 1EA	
	Operational Temperature	-5 ℃~ 40 ℃	

* 1 MB = 1,000,000 Bytes / 1 GB = 1,000 MB = 1,000,000,000 Bytes
Not all memory available for storage. Memory is not expandable.
** Only for models including FM Radio function

Safety Information

For Safety

- Avoid dropping or impacting the player.
  The player is designed to operate while walking or running, but dropping or excessively impacting the player may be cause damage.
- Avoid contacting the player with water.
  Damage to the internal parts of the player may occur if the player comes into contact with water. If your player gets wet, dry the outside with a soft cloth as soon as possible.
- Do not leave the player in a location near heat sources, or in a place subject to direct sunlight, excessive dust or sand, moisture, rain, mechanical shock, unleveled surface, or in a car with its windows closed.
- Remove the battery if player is unused for long periods of time.
  Battery left in the player for a long time can corrode and damage the device.
- All data stored on this device may be erased by a excessive impact, a thunder or an electricity failure, etc. on the device.
  The manufacturer does not warrant and will not be held responsible in any way for damages or loss of data, including loss of data stored on this device, resulting from a excessive impact, a thunder or an electricity failure, You will be responsible for safe-guarding all data stored on this device.

On headphones and earphones

- Road Safety
  Do not use headphones/earphones while driving, cycling, or operating any motorized vehicle. It may create a traffic hazard and is illegal in some areas. It can also be potentially dangerous to play your headset at high volume while walking, especially at pedestrian crossings. You should exercise extreme caution or discontinue use in potentially hazardous situations.
- Preventing hearing damage
  Avoid using headphones/earphones at high volume. Hearing experts advise against continuously loud and extended play. If you experience a ringing in your ears, reduce volume or discontinue use.
- Consideration for others
  Keep the volume at a moderate level. This will allow you to hear outside sound and to be considerate of the people around you.

FCC Certification

THIS DEVICE COMPLIES WITH PART 15 OF THE FCC RULES. OPERATION IS SUBJECT TO THE FOLLOWING TWO CONDITIONS:

(1) THIS DEVICE MAY NOT CAUSE HARMFUL INTERFERENCE, AND

(2) THIS DEVICE MUST ACCEPT ANY INTERFERENCE, RECEIVED, INCLUDING INTERFERENCE THAT MAY CAUSE UNDESIRED OPERATION.

Note : This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures :

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE : THE MANUFACTURER IS NOT RESPONSIBLE FOR ANY RADIO OR TV INTERFERENCE CAUSED BY UNAUTHORIZED MODIFICATIONS TO THIS EQUIPMENT. SUCH MODIFICATIONS COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.
